The stakeholder view of strategy integrates both a resource-based view and a market-based view, and adds a socio-political level. **Project management and global sustainability - PMI** Abstract. Sustainability is a critical business focus, and sustainable project management requires looking at projects in a whole new way. For too long, project managers have worked on their projects as if they were islands, unrelated to organizational strategy and governance and unrelated to the community at large. **Business Ethics (Stanford Encyclopedia of Philosophy)** 1. Varieties of business ethics. Many people engaged in business activity, including accountants and lawyers, are professionals. As such, they are bound by codes of conduct promulgated by professional societies. **Management Message : Sustainability : Hitachi** Executive Officer's Message: CSR and the Environment Sustainable Development for Business and Society. Since the United Nations' announcement of the Sustainable Development Goals (SDGs) in 2015, movements around social sustainability have accelerated worldwide. **Sustainability | ING** ING has a responsibility to make a positive contribution to society.
